TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. **Abandonment** of the application if the non-compliant amendment is a non-final amendment or an amendment filed in response to a *Quayle* action; or

**Non-entry** of the amendment if the non-compliant amendment is a preliminary amendment or supplemental amendment.

Continuation of 4(e) Other: The claims have not been properly marked to show the changes. For example, in claim 13, applicant did not show the deletion of "monomelic" and did not underline --monomeric-- inserted therefor. In claims 17-20, applicant did not mark any of the changes from "pi" to --pl--. This Notice is being sent, after a consideration of the claims on their merits, only with respect to applicant's response to the OBJECTION(S) TO CLAIMS, as set forth at p 2 of the previous office action; this consideration required second guessing, on the part of the examiner, as to whether or not the objections of record had, in fact, been properly stated. Applicant is respectfully requested to review whether the claims have been properly marked for any changes that were made in response to the 112, 102 and 103 rejections of record.
